

The Pak Won E 5-Minute Elevator Pitch

“Four Ways to Financial Freedom”

Duration: 5 minutes

Audience: Busy prospects who need the quick version

Goal: Generate interest for full presentation

THE PITCH

“Can I show you something that takes 5 minutes but could change your financial future?”

My name is [YOUR NAME], and I help people create multiple income streams using a platform called Pak Won E. Let me show you the four ways our agents make money:

INCOME STREAM #1: BUILD YOUR NETWORK

Time to First Dollar: Immediate

You recruit traders and agents. You earn:

- **30% on everyone you sign up** directly
- **15% on their referrals**
- **5% on the third level**

Quick Math:

- Just 10 people paying \$197/month = **\$591/month to you**
 - Their network grows = **\$3,500+/month** (recurring)
 - This is passive income that pays you every month
-

INCOME STREAM #2: TRADE FOREX WITH AI

Time to First Dollar: Days to weeks

The forex market trades **\$7.5 trillion per day**. Our AI system gives you:

- Real-time trading signals
- Currency strength heatmap
- Entry/exit recommendations
- Risk management tools

Quick Math:

- Start with \$5,000-\$10,000
 - Conservative 5-8% monthly returns
 - That's **\$250-\$800/month** in profits
 - Compounds into serious wealth over time
-

INCOME STREAM #3: SELL QUANTUM SECURITY

Time to First Dollar: 1-6 months

Cyberattacks cost businesses **\$8 trillion** globally. We have quantum-encrypted communication systems that:

- Make hospital data unhackable
- Protect corporate secrets
- Replace vulnerable cell networks
- Secure government communications

Quick Math:

- Contract values: **\$50,000 to \$5 million**
- Your commission: **10-15%**
- One hospital deal = **\$75,000** in your pocket
- One Fortune 500 company = **\$450,000**

You don't need tech experience—we provide everything.

INCOME STREAM #4: ENROLL BUSINESSES IN HEALTH PLANS

Time to First Dollar: Days to weeks

Healthcare costs employers **\$22,000+ per employee**. Our Employers Health Plan costs just **\$35/month** and includes:

- Prescription discounts (up to 80% off)
- Telemedicine access
- Dental, vision, mental health
- Wellness programs

Quick Math:

- You save businesses millions
- You earn **\$1-\$8 per subscriber** (recurring)
- Sign up a 100-employee company = **\$300-500/month** forever
- Sign up a 1,000-employee company = **\$7,000/month** forever

Business owners BEG for this—you're literally saving them money.

THE POWER MOVE

Here's what makes this unstoppable: **You don't pick one, you do ALL FOUR.**

Real Example - Month 6:

- Network commissions: **\$5,000/month**
- Forex trading profits: **\$1,500/month**
- Closed 1 quantum security deal: **\$85,000** (one-time)
- EHP residual income: **\$2,000/month**

Total: \$8,500/month recurring + \$85,000 bonus

And that's just getting started.

WHAT IT COSTS YOU

Investment: \$197/month (or \$1,970/year)

You Get:

- ✓ Complete forex trading platform with AI
- ✓ Agent commission portal
- ✓ QTA sales materials and support
- ✓ EHP enrollment system
- ✓ Training, coaching, and community
- ✓ All four income streams activated

Think about it: Most people spend \$197 on coffee and lunch in a week. We're talking about investing that in your financial future every MONTH.

THE CHOICE

You have three options right now:

Option 1: Walk away and keep doing what you're doing

Option 2: Think about it (while others take action)

Option 3: Start building your four income streams TODAY

The people making money with Pak Won E aren't smarter than you. They're not luckier. They just decided to START.

THE CLOSE

"Excellent decision. Here's your signup link: [YOUR REFERRAL LINK]. Use code [YOUR CODE] and you'll be in my team. I'll personally help you get your first income stream running within 48 hours."

THE FOLLOW-UP TEXT (Send 24 hours later)

"Hey [NAME], wanted to follow up on the Pak Won E opportunity. Quick question: If you could only focus on ONE of the four income streams to start, which appeals to you most?"

1. Building a network (passive income)

2. Trading forex (active income)
3. Selling quantum security (big commissions)
4. Health plan sales (recurring + helping businesses)

No wrong answer—just want to know what excites you!”

KEY TALKING POINTS TO REMEMBER

- ✓ **Multiple streams = financial security** (if one slows down, three others keep paying)
- ✓ **You’re not selling—you’re solving problems** (businesses NEED what we offer)
- ✓ **Low barrier to entry** (\$197/month vs. franchises costing \$50K+)
- ✓ **No inventory, no employees, no overhead** (pure digital business)
- ✓ **Work from anywhere** (laptop and internet = your office)
- ✓ **Recession-proof** (people always need money, security, and healthcare)

OBJECTION HANDLING (Quick Responses)

“I don’t have time”

→ “That’s exactly why you need passive income. Build it once, earn from it forever.”

“I don’t know anything about forex”

→ “Neither did I. The AI does the heavy lifting. You just follow signals.”

“Sounds too good to be true”

→ “I get it. That’s why we have a platform you can test-drive. Come see the heatmap in action right now.”

“I need to think about it”

→ “Absolutely. What specific questions can I answer that would help you decide?”

“Is this MLM?”

→ “There’s a network component, but you make money four different ways. Most of our top earners focus on trading or enterprise sales, not recruiting.”

“I don’t have \$197 to invest”

→ “I understand. But if \$197/month is tight now, imagine having the income streams we discussed. Sometimes you have to invest to change your situation.”

SUCCESS FORMULA

Week 1: Learn the platform, make your first trade, recruit your first person

Week 2: Set up your EHP presentation, reach out to 10 businesses

Month 1: \$500-\$1,500 in commissions and trading profits

Month 3: \$2,000-\$5,000 monthly income established

Month 6: \$5,000-\$15,000 monthly + working on first big deal

Year 1: \$10,000-\$50,000/month (depending on effort)

The math works. The system works. The question is: Do YOU work?
